8. Discussion: Signs

Gunnare reviewed with the Board the handout of a design for a possible sign for the end of the open patio, as Jeff Hansen from the Corn Palace approached us proposing something like this or saying Lake View in corn like the murals outside the Corn Palace or possibly doing something in metal. Also, the #16 sign was stolen over the winter. We are looking at making a temporary sign for now. We will be putting in for the 2025 budget a new entry way sign and if anyone has any suggestions please forward to me. A brief discussion followed.

9. Discussion: Phase 2 meeting

Gunnare updated the Board on the recent meeting with Dunick and Norby, the city engineers. Basically, discussing timelines, getting dirt hauled in, tree removal, area behind where eleven green will go there is a little drainage issue this was discussed, when they can start moving stuff in, mainly just a lot of general stuff. We are going to be having meetings every two weeks by phone or zoom. A brief discussion followed.

10. Adjournment

Next meeting date: Monday, May 13, 2024, at 5:45 PM

There being no further business, the Board adjourned at 6:20 PM
